Throughout the lifecycle of a project funded through a Request for Proposal (RFP), grant recipients will be asked to complete a “Full Proposal Interim Report”. The report will be assigned to the Grant Requestor in the Grant Management System every six months from the date of approval until the end of the project. You will receive an email notifying you that it is available and it is due within 60 days. Below is a copy of the interim report questions that will be asked.

If you have any questions about this report, please contact the Grant Officer assigned to your project or email IGLC@pfizer.com.

Please note this form will be publicly disclosed on www.Pfizer.com. Any data that is embargoed for publication purposes should be submitted in a separate document and clearly labeled as such.

*Project Aim(s) (2000 character maximum)

*Project Lead

*Progress to Date What percentage of your project is complete?
