

Pfizer Grants

Healthcare Charitable Contributions 2017 Application Periods and Clinical Areas of Interest

~~~~~

As we continue to focus on raising the bar on the quality of our support for your efforts, Pfizer uses a quarterly review process for healthcare charitable contribution requests submitted via the website at [www.pfizer.com/healthcharitables](http://www.pfizer.com/healthcharitables). Requests should be submitted according to the quarterly schedule noted below.

| Application Period           | Decision Communicated by | Deadline to sign LOA                                                        | Estimated Start Date of Program/Activity |
|------------------------------|--------------------------|-----------------------------------------------------------------------------|------------------------------------------|
| Dec 1, 2016 – Jan 15, 2017   | Mar 3, 2017              | Minimum of 2 weeks before start date or the decision will reverse to denied | April 1, 2017 or later                   |
| Mar 1, 2017 – April 15, 2017 | June 2, 2017             |                                                                             | July 1, 2017 or later                    |
| June 1, 2017 – July 15, 2017 | Sept 1, 2017             |                                                                             | Oct 1, 2017 or later                     |
| Sept 1, 2017 – Oct 15, 2017  | Dec 1, 2017              |                                                                             | Jan 1, 2018 or later                     |

Pfizer strives to communicate decisions no later than the date indicated for each respective application cycle. Requests may still be submitted in between application periods; however, they will not be considered until the next application cycle (e.g., a submission on February 10 will be reviewed along with those requests submitted during the Mar 1 – Apr 15 cycle). It is important to note that the program/activity date should commence according to the estimated start dates noted above to allow adequate time for review, communication of decisions and execution of the letter of agreement (LOA).

~~~~~
