## Caltrate

Caltrate is the No. 1 selling brand of calcium supplements in the U.S. and China. Globally, Caltrate is sold in 57 countries. In the U.S., we launched a new Caltrate formula in 2012 with double the amount of vitamin D3, which helps aid in the absorption of calcium—a higher amount of vitamin D3 than any other leading brand. Because bone is composed of two-thirds calcium and one-third collagen, healthy bones require both calcium and collagen for resiliency—a fact Caltrate has highlighted. The Caltrate 600+D Plus Minerals formulation, which contains calcium and vitamin D, plus extra minerals, helps to stimulate collagen production and delivers bone health. Caltrate is available in four different formulas and different forms to suit individual consumer needs.
