

# The Pfizer Foundation

A charitable foundation established by Pfizer Inc

**Mission & Overview:** The Pfizer Foundation is a charitable organization established by Pfizer Inc. Its mission is to promote access to quality health care, to nurture innovation, and to support the community involvement of Pfizer colleagues.

The Pfizer Foundation provides funding and resources to local and international organizations that expand and improve global health strategies. In 2010, the Foundation provided nearly \$22 million in grants and employee matching gifts to non-governmental organizations around the world.

**Governance and Funding:** The Pfizer Foundation is governed by a board of directors of current and former Pfizer executives who set philanthropic priorities and consider grant proposals. The board is led by William C. Steere, Jr., Chairman of the Board, and Caroline Roan, President of the Pfizer Foundation and Vice President of Corporate Responsibility.

The Foundation solicits proposals from organizations that promote access to health care through evidence-based programs that can reach large audiences and be leveraged at the local level. The Foundation does not accept unsolicited requests.

**The work of the Foundation aligns with *Pfizer Investments in Health* platform. Here are two recent examples of this partnership.**

**Purpose:** Help stop HIV/AIDS in the U.S.

**Investment:** \$7.5 million in grants, technical assistance, networking resources (2007-2009)

**Partners:** 20 national AIDS Service Organizations in ten states with the highest rates of HIV/AIDS.

The Pfizer Foundation through this program seeks to:

- Link patients to treatment
- Educate high-risk groups
- Provide technical support and training to AIDS Service Organizations
- Partner with HIV community leaders to measure and share impacts

**Purpose:** Support health partnerships focusing on cancer and tobacco control, in partnership with Pfizer Inc

**Investment:** With Pfizer Inc, \$47 million in grants, technical assistance, local resources (2007-2010)

**Partners:** 32 international and local health organizations

In conjunction with the Foundation, Global Health Partnerships:

- Fund screenings and services
- Educate the public about tobacco use and cancer prevention
- Provide technical assistance
- Share successful public health models and advocating for patients
