Pfizer Invites Public to Register for Webcast of Pfizer Oncology Innovation Day

Thursday, February 15, 2024 - 10:00am

NEW YORK--(BUSINESS WIRE)-- Pfizer Inc. (NYSE: PFE) invites investors and the general public to access a live video webcast of its Oncology Innovation Day on Thursday, February 29, 2024, from 1:00 p.m. EST to 5:30 p.m. EST, with an approximately 20-minute break at the midpoint. During the event, Pfizer Oncology leadership will provide details on the new combined Pfizer Oncology Division, including its strategic approach, robust portfolio, industry-leading R&D capabilities and potential for growth through 2030 and beyond.

To access the live webcast and presentation slides, visit our web site at www.pfizer.com/investors. Information on accessing and registering for the webcast will be available at www.pfizer.com/investors beginning today. Participants are advised to register in advance.

Participants will also have an opportunity to submit questions via the webcast, and selected questions will be answered during the live Q&A sessions with leadership.

Participants who are unable to join the webcast from a computer or mobile device can dial either 800-456-4352 in the United States and Canada or 785-424-1086 outside of the United States and Canada. The passcode is “91325”. This audio line is a “listen-only” experience; questions cannot be submitted through the audio line.

The transcript and webcast replay will be made available on our web site at www.pfizer.com/investors within 24 hours after the end of the live webcast and will be accessible for at least 90 days.

About Pfizer Oncology

At Pfizer Oncology, we are at the forefront of a new era in cancer care. Our industry-leading portfolio and extensive pipeline includes game-changing mechanisms of action to attack cancer from multiple angles, including antibody-drug conjugates (ADCs), small molecules, bispecifics and other immunotherapies. We are focused on delivering transformative therapies in some of the world’s most common cancers, including breast cancer, genitourinary cancer and hematologic malignancies, as well as melanoma, gastrointestinal, gynecological and thoracic cancers, which includes lung cancer. Driven by science, we are committed to accelerating breakthroughs to extend and improve patients’ lives.

About Pfizer: Breakthroughs That Change Patients’ Lives

At Pfizer, we apply science and our global resources to bring therapies to people that extend and significantly improve their lives. We strive to set the standard for quality, safety and value in the discovery, development and manufacture of health care products, including innovative medicines and vaccines. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time. Consistent with our responsibility as one of the world's premier

innovative biopharmaceutical companies, we collaborate with health care providers, governments and local communities to support and expand access to reliable, affordable health care around the world. For more than 170 years, we have worked to make a difference for all who rely on us. We routinely post information that may be important to investors on our website at www.Pfizer.com. In addition, to learn more, please visit us on www.Pfizer.com and follow us on Twitter at @Pfizer and @Pfizer News, LinkedIn, YouTube and like us on Facebook at Facebook.com/Pfizer.

Disclosure Notice: *The webcast may include forward-looking statements about, among other things, our anticipated operating and financial performance, including financial guidance and projections; reorganizations; business plans, strategy, goals and prospects; our Environmental, Social and Governance (ESG) priorities, strategies and goals; Pfizer Oncology; expectations for our product pipeline, in-line products and product candidates, including anticipated regulatory submissions, data read-outs, study starts, approvals, launches, clinical trial results and other developing data, revenue contribution and projections, potential pricing and reimbursement, potential market dynamics, size and utilization rates, growth, performance, timing of exclusivity and potential benefits; strategic reviews; capital allocation objectives; dividends and share repurchases; plans for and prospects of our acquisitions, dispositions and other business development activities, and our ability to successfully capitalize on growth opportunities; manufacturing and product supply; our ongoing efforts to respond to COVID-19, including our COVID-19 products; our expectations regarding the impact of COVID-19 on our business, operations and financial results; and other statements about our business, operations and financial results, that are subject to substantial risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. A description of these risks and uncertainties can be found in Pfizer's Annual Report on Form 10-K for the fiscal year ended December 31, 2022 and in its subsequent reports on Form 10-Q, including in the sections thereof captioned "Risk Factors" and "Forward-Looking Information and Factors That May Affect Future Results", as well as in its subsequent reports on Form 8-K, all of which are filed with the U.S. Securities and Exchange Commission and available at www.sec.gov and www.pfizer.com .*

The forward-looking statements in the webcast speak only as of the original date of the webcast. Pfizer assumes no obligation to update forward-looking statements contained in the webcast as the result of new information or future events or developments.
