OUR **VOICE** IN THE POLITICAL PROCESS

**Pfizer PAC & Corporate Political Contributions Report
January 2009 – June 2010**

Learn which candidates we support in your community.

Pfizer PAC – Our Voice. Our Impact.

A Message from Sally Susman, Chair, Pfizer PAC

I am pleased to share our 2009-2010 political contributions report, which includes a list of candidates and political committees that the Pfizer PAC supported from January 1, 2009 through June 30, 2010. The Pfizer PAC is bipartisan; we contribute to candidates of both political parties. From January 2009 through June 2010, we have been able to support 1,436 candidates at all levels of government, and we remain the #1 pharmaceutical industry PAC. I hope you will take time to review the report to see which candidates the PAC supported in your state and community.

As we started 2010, healthcare reform legislation was being debated in Congress. We had several public policy priorities that we actively engaged in as the debate unfolded, including: making certain that price controls and importation were not included in the new healthcare law, and that we secure twelve years of data exclusivity for innovator biologics. As a result, many of our business priorities were attained and the new law ultimately helps us to continue to provide our innovative medicines to the patients we serve.

As Pfizer's PAC Chair and through my interactions with elected officials, I see first-hand how decisions are made that impact our ability to discover and bring to market innovative medicines that help the patients we serve. The Pfizer PAC supports candidates who are committed to maintaining and improving incentives for innovation and protecting and expanding access for the patients we serve.

Thank you for your support,

PFIZER PAC

Our Voice in the Political Process

What is a PAC?

PAC stands for Political Action Committee. A political action committee is a government-regulated organization that anyone can form to raise money for political campaign donations. PACs are formed by individuals, non-profits, and even many major corporations.

How Does Pfizer PAC Work?

The Pfizer political action committee, Pfizer PAC, is a nonpartisan organization that provides opportunities for employees to participate in the American political process. The Pfizer PAC is an employee-run organization with a Steering Committee made up of Pfizer employees from different divisions of the Company. All corporate PACs are funded by voluntary employee contributions. Pfizer PAC is no different; it relies on the participation of Pfizer colleagues.

Who Receives Pfizer PAC Contributions?

Pfizer PAC is nonpartisan. It supports Democrats and Republicans alike. From January 2009 through June 2010, Pfizer PAC supported 1,436 candidates. True to its nonpartisan values, Pfizer PAC is committed to support candidates from both political parties who share Pfizer's vision and values for healthcare. When choosing to make a contribution to a candidate, the Pfizer PAC considers candidates' views on issues that impact Pfizer and its employees as well as the presence of Pfizer facilities or employees in the candidate's district or state. A complete list of Pfizer PAC and state corporate political contributions for January 2009 – June 2010 is included in this report.

PFIZER PAC & POLITICAL CONTRIBUTIONS GOVERNANCE POLICY

Pfizer complies fully with all federal, state, and local laws and reporting requirements governing PAC and corporate political contributions.

Pfizer has a Corporate Policy Procedure (#509) that requires all PAC and corporate political contributions to be compiled and published semi-annually in a report that is made available to employees, shareholders, and the public, and posted on the Company's website at www.pfizer.com under "About Pfizer" in the Corporate Governance section.

Pfizer also requests that trade associations receiving total payments of \$100,000 or more from Pfizer in a given year report the portion of Pfizer dues or payments used for expenditures or contributions that, if made directly by Pfizer, would not be deductible under section 162(e)(1)(B) of the Internal Revenue Code. We are disclosing such information received from our trade associations in this report.

Pfizer has a PAC Steering Committee comprised of six colleagues who review and approve all PAC and corporate political contributions on a monthly basis. To ensure adequate representation, Steering Committee members represent different divisions within the Pfizer organization. The PAC Steering Committee evaluates candidates on a basis of their views on issues that impact Pfizer and its colleagues. It also takes note of whether Pfizer facilities or colleagues reside in a candidate's district or state. In addition, all PAC and corporate contribution requests are shared with the Pfizer Political Contributions Policy Committee for review. The Political Contributions Policy Committee is responsible for governing the Pfizer PAC.

Pfizer does not traditionally make contributions to 527 Issue Organizations such as MoveOn.Org or Swift Boat Veterans. If we were asked to make such a contribution, it would have to be reviewed and approved by the Political Contributions Policy Committee and subsequently disclosed in our semi-annual report.

Finally, in light of the Supreme Court decision in the Citizens United case, Pfizer has determined that it will not make any independent expenditures prior to the November 2010 elections. After the elections, we will be convening an internal working group that will be tasked with reviewing the Supreme Court decision and making a recommendation regarding Pfizer's policy going forward. Should the working group recommend that the Company make independent expenditures in the future, the decision will be discussed at the executive level as well as with the Corporate Governance Committee of our Board.
