1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING

Material Name: Special Methylated Spirits 70% Pink

Trade Name: Not applicable
Chemical Family: Mixture
Intended Use: Pharmaceutical product used as antiseptic, disinfectant

2. HAZARDS IDENTIFICATION

Appearance: Clear pink liquid
Signal Word: WARNING

Statement of Hazard: Flammable liquid and vapor.
Causes severe eye irritation.
Harmful if swallowed, inhaled or absorbed through the skin
May cause drowsiness or dizziness.

Additional Hazard Information:
Short Term: May cause skin irritation. Exposure to high concentrations of gas, vapor, or mist may cause irritation. Exposure to methanol may produce headache, weakness, drowsiness, lightheadedness, nausea, vomiting, drunkenness, loss of coordination, difficulty breathing, unconsciousness, and coma. Visual effects including blurred vision, double vision, changes in color perception, and blindness may also occur. Severe poisoning may cause liver damage and/or death. Effects may be immediate or delayed.

EU Indication of danger: Flammable
Harmful

EU Hazard Symbols:

EU Risk Phrases:
R11 - Highly flammable.
R20/21/22 - Harmful by inhalation, in contact with skin and if swallowed.
R68/20/21/22 - Harmful: possible risk of irreversible effects through inhalation, in contact with skin and if swallowed.
2. HAZARDS IDENTIFICATION

Australian Hazard Classification (NOHSC):

Dangerous Goods. Hazardous Substance.

Note: This document has been prepared in accordance with standards for workplace safety, which require the inclusion of all known hazards of the product or its ingredients regardless of the potential risk. The precautionary statements and warnings included may not apply in all cases. Your needs may vary depending upon the potential for exposure in your workplace.

Additional Information: * Proprietary

Ingredient(s) indicated as hazardous have been assessed under standards for workplace safety.

For the full text of the R phrases mentioned in this Section, see Section 16

4. FIRST AID MEASURES

Eye Contact: Immediately flush eyes with water for at least 15 minutes. Get medical attention.

Skin Contact: Remove contaminated clothing and shoes. If irritation occurs or persists, get medical attention. Wash skin with soap and water.

Ingestion: Ingestion can cause blindness if not attended to promptly. Do not induce vomiting unless directed by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove to fresh air and keep patient at rest. Seek medical attention immediately.

5. FIRE FIGHTING MEASURES

Extinguishing Media: Water spray, carbon dioxide, dry chemical or foam.

Hazardous Combustion Products: Carbon monoxide and carbon dioxide

Fire Fighting Procedures: During all fire fighting activities, wear appropriate protective equipment, including self-contained breathing apparatus.

Fire / Explosion Hazards: Flammable liquid and vapor. Vapors are heavier than air and may travel along surfaces to remote ignition sources and flash back.
6. ACCIDENTAL RELEASE MEASURES

Health and Safety Precautions: Personnel involved in clean-up should wear appropriate personal protective equipment (see Section 8). Minimize exposure. Eliminate all sources of ignition and ventilate area using explosion-proof equipment.

Measures for Cleaning / Collecting: Contain the source of spill if it is safe to do so. Collect spill with absorbent material. Clean spill area thoroughly.

Measures for Environmental Protections: Place waste in an appropriately labeled, sealed container for disposal. Care should be taken to avoid environmental release.

Additional Consideration for Large Spills: Non-essential personnel should be evacuated from affected area. Report emergency situations immediately. Clean up operations should only be undertaken by trained personnel.

7. HANDLING AND STORAGE

General Handling: Use only in a well-ventilated area. Avoid breathing vapor or mist. Avoid contact with eyes, skin and clothing. When handling, use appropriate personal protective equipment (see Section 8). Wash thoroughly after handling. Keep away from heat, sparks, flame and all other sources of ignition. Releases to the environment should be avoided. Review and implement appropriate technical and procedural waste water and waste disposal measures to prevent occupational exposure or environmental releases. Potential points of process emissions of this material to the atmosphere should be controlled with dust collectors, HEPA filtration systems or other equivalent controls.

Storage Conditions: Store as directed by product packaging.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Refer to available public information for specific member state Occupational Exposure Limits.

**Engineering Controls:** Engineering controls should be used as the primary means to control exposures. General room ventilation is adequate unless the process generates dust, mist or fumes. Keep airborne contamination levels below the exposure limits listed above in this section.

**Environmental Exposure Controls:** Refer to specific Member State legislation for requirements under Community environmental legislation.

**Personal Protective Equipment:** Refer to applicable national standards and regulations in the selection and use of personal protective equipment (PPE).

- **Hands:** Wear impervious gloves.
- **Eyes:** Wear safety glasses or goggles if eye contact is possible.
- **Skin:** Wear protective clothing when working with large quantities.
- **Respiratory protection:** If the applicable Occupational Exposure Limit (OEL) is exceeded, wear an appropriate respirator with a protection factor sufficient to control exposures to below the OEL.

11. TOXICOLOGICAL INFORMATION

General Information: There are no data for this formulation. The information included in this section describes the potential hazards of the individual ingredients.

Acute Toxicity: (Species, Route, End Point, Dose)

Methyl alcohol
- Rat Oral LD50 5628 mg/kg
- Rat Inhalation LC50/4h 64000 ppm

ETHANOL
- Rat Oral LD 50 7060 mg/kg
- Mouse Oral LD 50 3450 mg/kg
- Rat Inhalation LC 50 20000 ppm/10H
- Mouse Inhalation LC 50 39 gm/m³/3/4h

Irritation / Sensitization: (Study Type, Species, Severity)

Methyl alcohol
- Skin Irritation Rabbit Moderate
- Eye Irritation Rabbit Moderate

ETHANOL
- Eye Irritation Rabbit Severe
- Skin Irritation Rabbit Mild

Reproduction & Developmental Toxicity: (Study Type, Species, Route, Dose, End Point, Effect(s))
11. TOXICOLOGICAL INFORMATION

Methyl alcohol
Prenatal & Postnatal Development  
- Rat  Inhalation  20,000 ppm  LOAEL  Developmental toxicity, Maternal toxicity  
- Mouse  Inhalation  1,000 ppm  NOAEL  Developmental toxicity

Carcinogen Status:  
None of the components of this formulation are listed as a carcinogen by IARC, NTP or OSHA.

ETHANOL
IARC:  
Group 1 (Carcinogenic to Humans)
OSHA:  
Listed

Carmoisine red E122
IARC:  
Group 3 (Not Classifiable)

12. ECOLOGICAL INFORMATION

Environmental Overview:  
The environmental characteristics of this mixture have not been fully evaluated. Releases to the environment should be avoided.

Aquatic Toxicity:  
Species, Method, End Point, Duration, Result

Methyl alcohol
- *Pimephales promelas* (Fathead Minnow)  
  LC50  96 Hours  29.4 mg/L

ETHANOL
- *Oncorhyncus mykiss* (Rainbow Trout)  
  NPDES  LC-50  96 Hours  12900 mg/L
- Fingerling Trout  NPDES  LC-50  24 Hours  11200 mg/L
- Fathead Minnow  NPDES  LC-50  96 Hours  14200 mg/L

13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods:  
Dispose of waste in accordance with all applicable laws and regulations. Member State specific and Community specific provisions must be considered. Considering the relevant known environmental and human health hazards of the material, review and implement appropriate technical and procedural waste water and waste disposal measures to prevent occupational exposure and environmental release. It is recommended that waste minimization be practiced. The best available technology should be utilized to prevent environmental releases. This may include destructive techniques for waste and wastewater.

Methyl alcohol  
RCRA - U Series Wastes  Listed

14. TRANSPORT INFORMATION

The following refers to all modes of transportation unless specified below.

This material is regulated for transport under DOT, ADR, IMDG, and IATA regulations.

UN number:  
UN 1993

UN proper shipping name:  
Flammable liquid, n.o.s.,

Technical Shipping Name:  
(Ethanol, Methanol)

Transport hazard class(es):  
3
Packing group: II
Flash Point (°C): 12.8

Limited Quantity Exceptions apply to small quantities packed in combination packaging. See applicable modal regulations for specific limitations.

**IMDG IMDG**
- IMDG UN / ID No: UN 1993
- IMDG Proper shipping name: Flammable Liquid, n.o.s. (Ethanol, Methanol)
- IMDG Hazard Class: 3
- IMDG Packing Group: II
- Flash Point (°C): 12.8

### 15. REGULATORY INFORMATION

**EU Symbol:** F Xn
**EU Indication of danger:** Flammable, Harmful

**EU Risk Phrases:**
- R11 - Highly flammable.
- R20/21/22 - Harmful by inhalation, in contact with skin and if swallowed.
- R68/20/21/22 - Harmful: possible risk of irreversible effects through inhalation, in contact with skin and if swallowed.

**EU Safety Phrases:**
- S16 - Keep away from sources of ignition - No smoking.
- S28 - After contact with skin, wash immediately with plenty of water.
- S36/37 - Wear suitable protective clothing and gloves.

**OSHA Label:**
WARNING
Flammable liquid and vapor.
Causes severe eye irritation.
Harmful if swallowed, inhaled or absorbed through the skin
May cause drowsiness or dizziness.

**Canada - WHMIS: Classifications**
**WHMIS hazard class:**
Class B, Division 2
Class D, Division 2, Subdivision B
15. REGULATORY INFORMATION

16. OTHER INFORMATION

Text of R phrases mentioned in Section 3

R11 - Highly flammable.
R39/26/27/28 - Very toxic: danger of very serious or irreversible effects through inhalation, in contact with skin and if swallowed.
R23/24/25 - Toxic by inhalation, in contact with skin and if swallowed.

Data Sources: Publicly available toxicity information.

Reasons for Revision: Updated Section 3 - Composition / Information on Ingredients. Updated Section 14 - Transport Information. Updated Section 1 - Identification of the Substance/Preparation and the Company/Undertaking. Updated Section 7 - Handling and Storage.
